DUII Saturation Patrol

Prineville, Oregon

On December 18th through December 31st, 2009, The Prineville Police Department will conduct a saturation patrol for impaired drivers who may be under the influence of alcohol or drugs. Officers will also be looking for minor traffic infractions during these dates.

The Prineville Police Department hopes that all drivers will consider alternatives if they have been consuming alcohol during this holiday season. Please use caution when taking prescription medication; it could possibly impair your driving.

The Prineville Police Department wishes you and your families a Merry Christmas and Happy New year!
