Prineville Police Department Begins Annual Sex Offender Address Verification Program

Officers from the Prineville Police Department have begun our annual sex offender address verification program. Each year, officers from the Prineville Police Department visit the residences of every registered sex offender in the city. Our goal is to ensure compliance with state law and to seek prosecution of individuals who have failed to maintain proper registration.

Current Oregon State Police records show 52 registered sex offenders residing in Prineville or in the areas immediately surrounding the city. We plan to verify the addresses, or determine a failure to comply, by the end of October.

Oregon State Law requires all registered sex offenders to notify their local law enforcement agency, or the Oregon State Police, of any change in address within 10 days of the change and to re-verify their current address within 10 days of their birth date each year.
