

Prineville is located in a region of high desert. We are blessed with an abundance of lakes, rivers and natural wonders. In our community one finds golf courses, fishing opportunities, tall timber forests, a busy community and happy people. Bike trails and numerous parks and greenways make Prineville an outdoor city from the earliest days of spring until late in the fall. We're a "destination location" for virtually every outdoor activity. We enjoy about 300 days of sunshine a year. We have great schools and a thriving business community. We're vibrant and growing with projected planned growth of over 3,000 new homes in the coming decade.

*Prineville is a great place to raise a family, build a career and spend a lifetime!*
