

ORDINANCE NO. 1246

**AN ORDINANCE NAMING PRIVATE ROADS WITHIN THE FACEBOOK CAMPUS AND
DECLARING AN EMERGENCY**

The Prineville City Council makes the following findings:

1. Fred Kroon (“Applicant”) on behalf of the property owner Vitesse LLC, located at 735 SW Connect Way, Prineville Oregon, filed an application with the Crook County Department Addressing Division to name a road SW Connect Loop, change the name SW Social Loop and a portion of SW Connect Way to SW Connect Loop and re-locate and name a portion of SW Connect Way.

2. As part of the application, Vitesse LLC, was required to have approval of the City of Prineville because the Applicant’s property is located within Prineville city limits.

3. The Vitesse LLC. property is the only property that has access and addressing to the existing road names. No other property will be effected by these name changes.

BASED UPON the above findings, the people of the City of Prineville ordain as follows:

1. The private roads serving the Vitesse LLC, property are hereby created, changed or re-named as shown on the attached map, Exhibit A.
2. An emergency is declared to exist and this Ordinance shall go into effect immediately upon its passage by the City Council and approval of the Mayor.

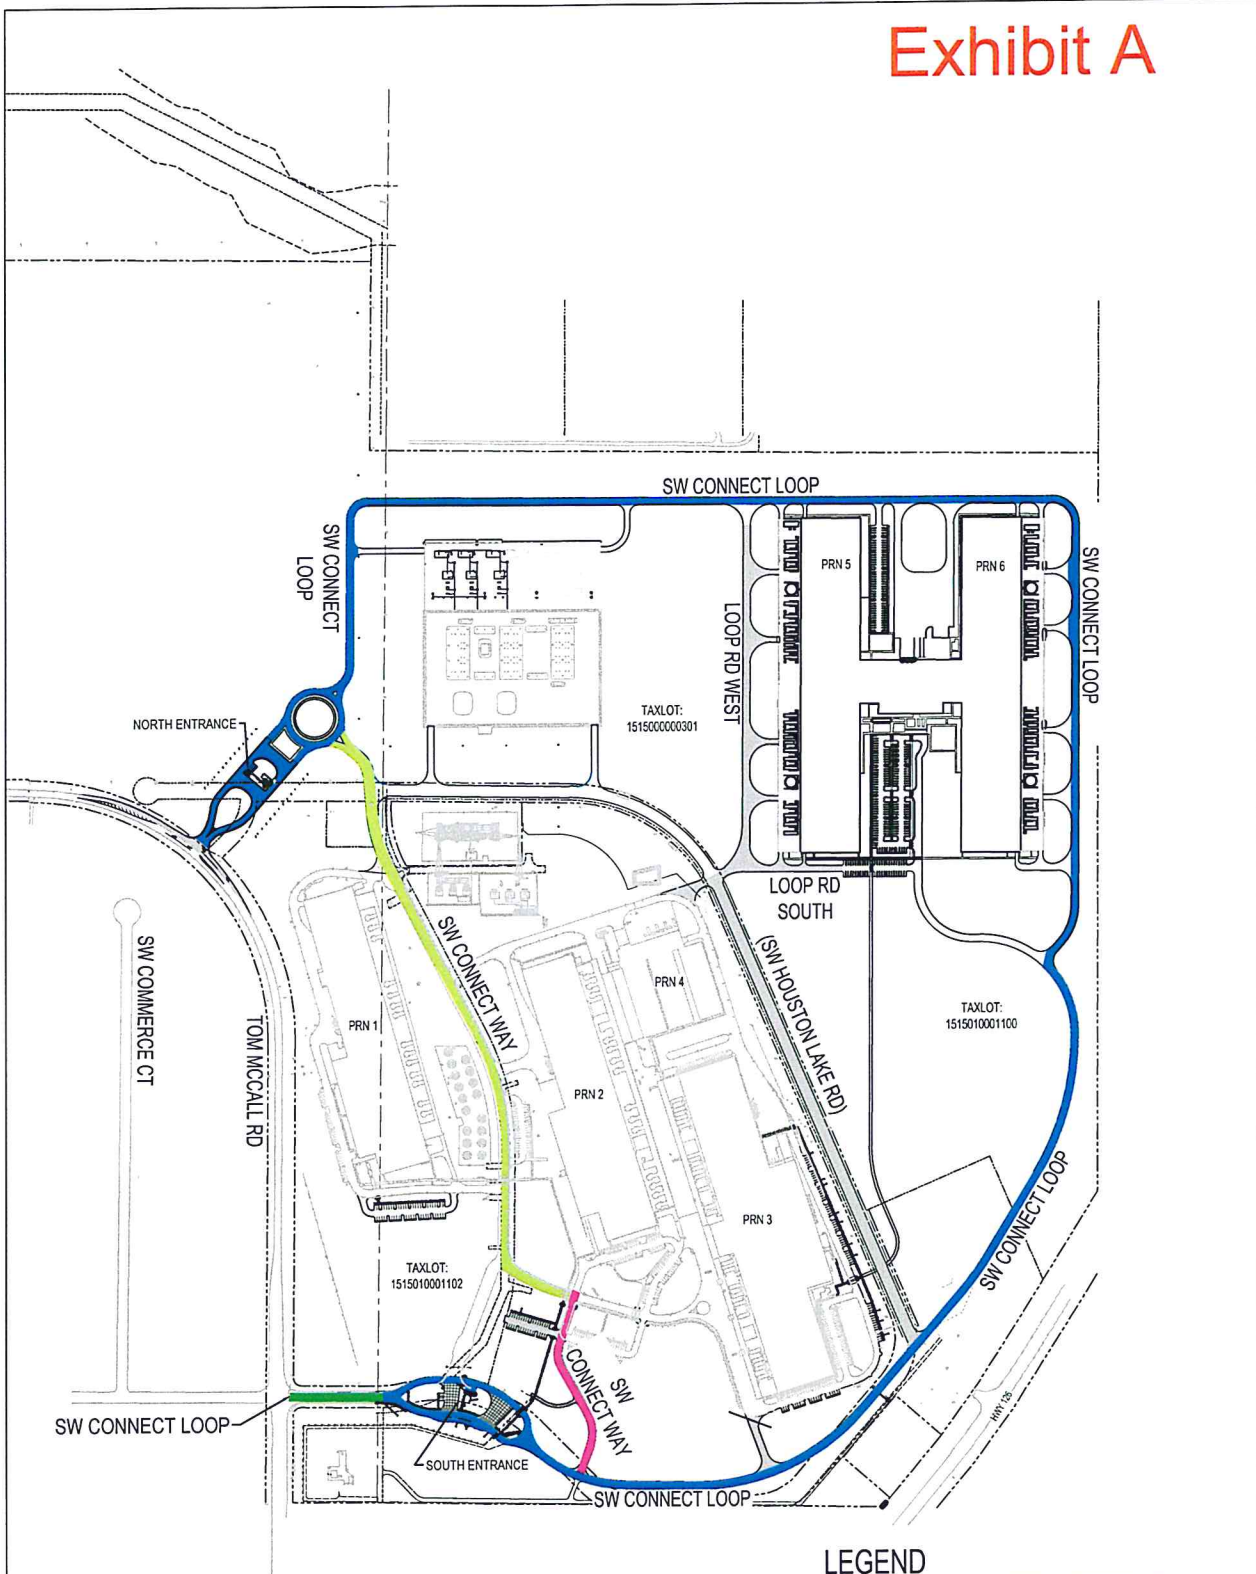

Presented for the first time at a regular meeting of the City Council held on September 11, 2018, and the City Council finally enacted the foregoing ordinance this 25th day of September, 2018.

Betty J. Roppe
Mayor
